

Exhibit 1

UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF ILLINOIS

If you directly purchased certain turkey products from a turkey producer in the United States from January 1, 2010, through December 31, 2016, a class action may affect your rights.

A federal court authorized this notice. This is not a solicitation from a lawyer.

- There is an update regarding *In re Turkey Antitrust Litigation*, No. 1:19-cv-08318, a class action lawsuit pending in the United States District Court for the Northern District of Illinois in which you previously received notices. The purpose of this new notice is to inform you of your rights related to new settlements (the “Settlements”) that have been reached on behalf of Direct Purchaser Plaintiffs with Defendants Agri Stats, Inc. (“Agri Stats”); House of Raeford Farms, Inc. (“House of Raeford”); Prestage Farms, Inc., Prestage Foods, Inc., and Prestage Farms of South Carolina, LLC (“Prestage” or “the Prestage Defendants”); Hormel Foods Corporation and Jennie-O Turkey Store, Inc. (“JOTS”); Foster Farms LLC and Foster Poultry Farms LLC (“Foster Farms” or “the Foster Farms Defendants”); and Perdue Farms, Inc. and Perdue Foods LLC (“Perdue” or “the Perdue Defendants”) (together, “the Settling Defendants”).
- On January 22, 2025, the Court issued an order certifying a class of direct purchasers defined as: “[a]ll persons and entities who directly purchased fresh or frozen, uncooked turkey breast, ground turkey, or whole bird turkey products (the “Class Products”) from Defendants in the United States during the Class Period.” This class of direct purchasers is called the “Certified Class.” The Class Period is January 1, 2010, through December 31, 2016.
- Certain categories of persons and entities are specifically excluded from the Certified Class. These exclusions are explained in Question 9 below. Certain categories of products are excluded from the Class Products. These exclusions are explained in Question 10 below. The Settlements between the Direct Purchaser Plaintiffs and the Settling Defendants on behalf of the Certified Class only apply to the Settling Defendants and do not dismiss claims against the other defendant in this lawsuit.
- The House of Raeford Settlement requires that House of Raeford pay \$3,700,000. The Prestage Settlement requires that Prestage pay \$15,000,000. The JOTS Settlement requires that JOTS pay \$37,500,000. The Agri Stats Settlement requires that if Agri Stats ever again offers its reporting to the turkey industry (it stopped doing so after this lawsuit was filed), then Agri Stats will make extensive changes to its Agri Stats report. House of Raeford, Prestage, JOTS, and Agri Stats have also agreed to provide specific cooperation in the Direct Purchaser Plaintiffs’ continued prosecution of this action.
- In July 2026, the Court granted summary judgment in favor of Foster Farms and Perdue and against the Certified Class. The Foster Farms and Perdue Settlements provide that neither the Certified Class nor Foster Farms or Perdue will seek to continue litigating this case, including but not limited to appeals of the Court’s Summary Judgment decision. In exchange, the Certified Class and Foster Farms, and the Certified Class and Perdue each agree they will not seek or assert against each other claims for costs, fees, attorney’s fees, or any other form of recovery in connection with this case.
- This notice provides Certified Class members with notice of the Settlements and an opportunity to object. Because the time to opt out of the Certified Class has already passed, you may not submit an exclusion request for these Settlements. At this time there is no new claim form, plan of distribution, or request for Co-Lead Class Counsel’s fees or expenses.
- If approved by the Court, the Settlements will resolve the claims in the lawsuit against the Settling Defendants. The Settlements will avoid litigation costs and risks to Direct Purchaser Plaintiffs and the Settling Defendants and release the Settling Defendants from liability to members of the Certified Class.
- The Court has not decided whether Agri Stats, House of Raeford, Prestage, or JOTS did anything wrong, and the Settling Defendants deny any wrongdoing. The Court has decided in favor of Foster Farms and Perdue and has granted summary judgment in favor of Foster Farms and Perdue.
- Your legal rights are affected whether you act or do not act. Please read this notice carefully.

YOUR LEGAL RIGHTS AND OPTIONS	
OBJECT TO THE SETTLEMENTS	Write to the Court about why you do not like the Settlements. Objections must be postmarked or received by [Month 00, 2026] .
ATTEND THE FAIRNESS HEARING	Ask to speak in Court about the fairness of the Settlements.
DO NOTHING	If you do nothing, you will benefit from the proposed Settlements through: conduct reform (or changes to Agri Stats' future reporting practices); House of Raeford will pay \$3,700,000; Prestage will pay \$15,000,000; JOTS will pay \$37,500,000; cooperation by Agri Stats, House of Raeford, Prestage, and JOTS in response to specific requests made by Direct Purchaser Plaintiffs in their continued prosecution of the litigation; and a mutual waiver between the Certified Class and Foster Farms and the Certified Class and Perdue to not further litigate this case or seek costs and fees from one another. The Settlements will resolve your claims against Agri Stats, House of Raeford, Prestage, and JOTS. You will give up your rights to sue or to continue to sue Agri Stats, House of Raeford, Prestage, and JOTS about the Released Claims (as defined by the Settlement Agreements). You will further give up your rights to appeal the Court's Summary Judgment decision in favor of Foster Farms and Perdue as to the Certified Class's claims against Foster Farms and Perdue.

- Your rights and options – and the deadlines to exercise them – are explained in this notice.
- The Court in charge of these cases still must decide whether to finally approve the Settlements with the Settling Defendants, and will do so following the Fairness Hearing described below on page 13.

BASIC INFORMATION

1. Why did I receive a notice?

The Court has directed notice to be sent to the Certified Class, as this lawsuit may affect your rights. This notice provides you with the status of the litigation, including details about the proposed Settlements with the Settling Defendants and the opportunity to object to those Settlements. You do not have an opportunity to exclude yourself from the Settlements because the time to exclude yourself from the Certified Class has already passed.

Defendants (other than Agri Stats) produce turkey products, including fresh or frozen, uncooked turkey breast, ground turkey, or whole bird turkey products (“Class Products”). Defendants’ records show that you may have directly purchased Class Products from Defendants in the United States from January 1, 2010, through December 31, 2016 (the “Certified Class Period”). The list of Defendants is in Question 3 below.

The Court authorized this notice because you have a right to know about the proposed Settlements with the Settling Defendants, and your rights and options, before the Court decides whether to approve the Settlements.

You may have received notices and submitted claims with respect to prior settlements reached in this litigation. The prior notices and claims only relate to those settling Defendants. You are receiving this Notice because these are new Settlements with Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and JOTS. This notice explains the lawsuit, the Certified Class, the Settlements, and your legal rights.

2. What is this lawsuit about?

This class action lawsuit is called *In re Turkey Antitrust Litigation*, No. 1:19-cv-08318 and is pending in the United States District Court for the Northern District of Illinois. U.S. District Court Judge Sunil R. Harjani is in charge of this class action.

The Defendants are producers of turkey products in the United States, as well as Agri Stats. Direct Purchaser Plaintiffs allege that Defendants and their co-conspirators conspired and combined to fix, raise, maintain, and stabilize the price of certain turkey products, beginning at least as early as January 1, 2010, and continuing at least until December 31, 2016, with the intent and expected result of increasing prices of Class Products in the United States, in violation of federal antitrust laws. The lawsuit also alleges that Agri Stats created reports that helped the Defendant turkey producers restrict supply and raise the price of turkey.

Defendant Agri Stats collected data and published reports about the turkey industry. Sometime after this and other lawsuits against Agri Stats were filed in the meat industry, Agri Stats stopped publishing its reports about the turkey industry. Plaintiffs alleged that the reports facilitated anti-competitive behavior because they were so detailed that the other Defendant companies could monitor one another’s supply and prices in a way that harmed the Certified Class.

The Defendants deny all allegations of wrongdoing in this lawsuit.

3. Who are the Defendants?

On January 22, 2025, the Court approved (or certified) the lawsuit to proceed as a class action against Defendants Butterball, LLC; Cooper Farms, Inc. (“Cooper Farms”); Farbest Foods, Inc. (“Farbest Foods”); Foster Farms LLC; Foster Poultry Farms; Hormel Foods Corporation; Jennie-O Turkey Store, Inc.; House of Raeford Farms, Inc.; Perdue Farms, Inc.; Perdue Foods LLC; Prestage Farms, Inc.; Prestage Foods, Inc.; Prestage Farms of South Carolina, LLC; and Agri Stats. Defendants’ “co-conspirators” include Dakota Provisions, LLC; Kraft Heinz Company; Kraft Foods Group Brands LLC; Michigan Turkey Producers LLC; Norbest LLC; and West Liberty Foods LLC.

The Court previously approved a settlement with Tyson Foods, Inc., Tyson Fresh Meats, Inc., Tyson Prepared Foods, Inc. and the Hillshire Brands Company (“Tyson”) in 2022; a settlement with Cargill, Incorporated and Cargill Meat Solutions Corporation (“Cargill”) in 2025; and settlements with Cooper Farms and Farbest Foods in 2025.

The Court granted summary judgment in favor of Foster Farms LLC, Foster Poultry Farms, Perdue Farms, Inc., and Perdue Foods LLC as to the Direct Purchaser Plaintiff’s claims against Foster Farms LLC, Foster Poultry Farms, Perdue Farms, Inc., and Perdue Foods LLC in July 2026.

4. What is a class action, and who is involved?

In a class action lawsuit, one or more people or businesses, called class representatives, sue on behalf of themselves and others who have similar claims, all of whom together are a “class.” Individual class members do not have to file a lawsuit to participate in the class action settlement or be bound by the judgments in the class action. One court resolves the issues for everyone in the class, except for those who exclude themselves from the class.

5. Why are there new Settlements?

The Court did not decide in favor of either Direct Purchaser Plaintiffs or Agri Stats, House of Raeford, Prestage, or JOTS. Direct Purchaser Plaintiffs believe they may have won at trial and possibly obtained a greater recovery. Agri Stats, House of Raeford, Prestage, and JOTS believe the Direct Purchaser Plaintiffs would not have won at a trial. But litigation involves risks to both sides, and therefore, Direct Purchaser Plaintiffs and Agri Stats, House of Raeford, Prestage, and JOTS have agreed to the Settlements. The Settlement with House of Raeford requires House of Raeford to pay \$3,700,000 to the Certified Class. The Settlement with Prestage requires Prestage to pay \$15,000,000 to the Certified Class. The Settlement with JOTS requires JOTS to pay \$37,500,000 to the Certified Class. The Settlement with Agri Stats requires Agri Stats to restrict its ability to publish the same type of reports about the turkey industry if it restarts publishing such reports in the future. In addition, Agri Stats, House of Raeford, Prestage, and JOTS must respond to specific requests made by the Direct Purchaser Plaintiffs in their continued prosecution of the litigation.

The Court did decide in favor of Foster Farms and Perdue at summary judgment and entered summary judgment as to the Direct Purchaser Plaintiffs’ claims against Foster Farms and Perdue. Direct Purchaser Plaintiffs agree not to appeal or otherwise challenge the summary judgment order. In exchange, Foster Farms and Perdue agree to waive their right to request any and all fees and costs against the Certified Class related to this action.

Direct Purchaser Plaintiffs and their attorneys believe the Settlements are in the best interests of all Certified Class members.

6. Have there been other settlements in this lawsuit?

Yes. Previously, you may have received notice about settlements in this lawsuit with Tyson, Cargill, Farbest Foods, and Cooper Farms. The settlement with Tyson received final approval from the Court on February 3, 2022. The settlement with Cargill received final approval on July 31, 2025 but is currently being appealed. Eligible Certified Class members previously submitted claims by the April 21, 2025 deadline, and once the appeal from the order approving the Cargill lawsuit is resolved, claims from the Tyson and Cargill settlements will be paid.

The settlements with Farbest Foods and Cooper Farms received final approval on July 29, 2025. The Cooper Farms and Farbest Foods settlement proceeds will not be distributed until a later date. If you are a Certified Class member, you will be provided notice when it is time to file a claim for those settlements.

Please visit the website, www.TurkeyLitigation.com for more information and updates.

7. Why is the lawsuit continuing if there are Settlements?

As described above, Direct Purchaser Plaintiffs previously reached Settlements with Tyson, Cargill, Farbest Foods, and Cooper Farms, and now with Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and JOTS.

However, the Direct Purchaser Plaintiffs continue to litigate against the remaining non-settling Defendant. The non-settling Defendant is Butterball LLC. The non-settling Defendant denies the claims in the lawsuit. The Court has not decided whether the Plaintiffs or the remaining non-settling Defendant is right. Direct Purchaser Plaintiffs will have to prove their claims in Court. Additional money or benefits may become available in the future as a result of a trial or a future settlement with the remaining non-settling Defendant. It is also possible that the lawsuit against the remaining non-settling Defendant may be resolved in the non-settling Defendant’s favor and no additional money may become available. There is no guarantee as to what will happen. If applicable, you will receive a separate notice regarding the progress of the litigation and any resolution of claims against the non-settling Defendant.

8. What if I received previous communications regarding this lawsuit?

You may have received notice, authorized by the Court, about Direct Purchasers Plaintiffs' previous settlements in this lawsuit with Tyson, Cargill, Farbest Foods, and Cooper Farms and the Court's order approving the Certified Class.

You also may have received other communications about this lawsuit, including solicitations by other attorneys seeking to represent you as a plaintiff in an individual (or "direct action") lawsuit against Defendants. These communications were not approved by the Court and did not come from Court-appointed Co-Lead Class Counsel.

WHO IS IN THE CLASS?

9. Am I part of the Certified Class?

The Certified Class is defined as:

All persons and entities who directly purchased fresh or frozen, uncooked turkey breast, ground turkey, or whole bird turkey products ("Class Products") from Defendants in the United States from January 1, 2010, through December 31, 2016 ("Class Period").

If you satisfy these criteria, you are a member of the Certified Class, subject to the exceptions listed in Question 11 below.

The Certified Class includes persons and entities who purchased Class Products from **any** of the Defendants.

The Court-approved class definition, or group of people included, in the Certified Class is different from the settlement classes the Court approved in the settlements with Cargill and Tyson. Please visit www.TurkeyLitigation.com for more information about those settlement classes.

10. What are the Class Products?

The Class Products include fresh or frozen, uncooked turkey breast, ground turkey, or whole bird turkey products.

Turkey breast products do not include: turkey breasts used to make ground turkey, turkey breast tenderloins, organic turkey breast products, No Antibiotics Ever ("NAE") or Antibiotic-Free ("ABF") turkey breast products, and cooked or ready-to-eat ("RTE") turkey breast products.

Ground turkey products do not include: ground turkey products made from turkey breasts; ground turkey products made from turkey wings; burgers, sausages, and patties; organic ground turkey products NAE or ABF ground turkey products; and cooked or RTE ground turkey products.

Whole bird turkey products do not include: organic turkey whole bird products, NAE or ABF turkey whole bird products, and cooked or RTE turkey whole bird products.

11. Are there exceptions to being included?

Yes. Specifically excluded from the Certified Class are Defendants and their co-conspirators; the officers, directors or employees of any Defendant or co-conspirator; any entity in which any Defendant or their co-conspirator has a controlling interest; any entity with an interest, controlling or non-controlling, in a Defendant or their co-conspirator; any entity where an individual owner, trust, and/or holding company also had an interest in any Defendant (whether as an individual, member, trust, trustee, legal representative, heir or assign) of greater than 5% during any year of the Class Period; any (in whole or in part) affiliate, legal representative, heir, or assign of any Defendant or their co-conspirator; any federal, state, or local governmental entities, any judicial officer presiding over this action and the members of his/her immediate family and judicial staff, any juror assigned to this action; and any co-conspirator identified in this action. Anyone who previously excluded themselves from the Certified Class is also not included.

If you are in one of these categories, you are not a member of the Certified Class and not eligible to participate in these Settlements.

12. I'm still not sure if I'm included.

If you are still not sure if you are included, please review the detailed information contained in the Court's Memorandum and Order dated January 22, 2025, and the Settlement Agreements, available for download at www.TurkeyLitigation.com.

You may also call the Settlement Administrator at 1-877-777-9637 or call or write to Co-Lead Class Counsel at the phone numbers or addresses listed in Question 24 below.

13. If I excluded myself previously from the Certified Class, do I need to exclude myself again?

No. If you previously excluded yourself from the Certified Class, then you do not need to take further action.

14. Can I still exclude myself?

No. The deadlines to exclude yourself from the Certified Class and the previous settlements have passed. The exclusion deadline for the Certified Class was April 21, 2025. If you did not exclude yourself from the Certified Class previously, you are a Certified Class member and cannot ask to be excluded from the Certified Class or the Settlements with the Settling Defendants now.

THE BENEFITS OF THE SETTLEMENT AGREEMENTS WITH AGRI STATS, HOUSE OF RAEFORD, PRESTAGE, JOTS, FOSTER FARMS, AND PERDUE

15. What does the Settlement with Agri Stats provide?

If the Settlement with Agri Stats is approved and Agri Stats decides to restart its reporting to the turkey industry (it stopped doing so after this lawsuit was filed), Agri Stats will make extensive changes to any reports it publishes about the turkey industry. For instance, Agri Stats will be prohibited from listing the names of the participants in each report on the front page, including competitor- or plant-level price or production volume data in its reports, and assisting with the deanonymization of turkey report subscriber data. The Settlement Agreement has more details on Agri Stats' agreed conduct reform (or changes to their future reporting practices). Please visit www.TurkeyLitigation.com to review the entire Settlement Agreement.

The Settlement provides for a significant degree of conduct reform that Direct Purchaser Plaintiffs believe will address the concerns involving Agri Stats' turkey industry reports, including requiring that if Agri Stats restarts its turkey industry reports, for a period of five years it must:

- a. Retain an experienced outside attorney with responsibility for antitrust compliance.
- b. Conduct annual employee antitrust compliance training.
- c. Implement a written antitrust compliance policy and training:
 - i) Prohibiting Agri Stats and its employees from disclosing to a competitor of a turkey subscriber, orally or in writing (including through custom reports), any non-public information collected from a turkey subscriber other than the anonymized information disclosed in Agri Stats' reports;
 - ii) Prohibiting any Agri Stats turkey report from containing actual competitor- or plant-level price or production volume data.
 - iii) Implementing data security measures to prevent turkey customer employees who transition from firm A to firm B from accessing firm A data.
 - iv) Implementing data security measures to prevent Agri Stats employees who transition to a customer firm from accessing non-public or non-anonymized Agri Stats data.
 - v) Prohibiting Agri Stats and its employees from assisting with identifying and/or de-anonymizing turkey subscriber data in Agri Stats' reports;
 - vi) Ensuring that all data values within all data fields in Agri Stats turkey reports consist of data from at least three entities¹ with no entity representing more than

¹ If the unit of the report is the plant, the 3- count rule should apply to plants; if the unit of the report is the firm, the 3-count rule should apply to firms.

70% of the data, except for quartile data fields and plant-level data fields (that are not removed as set forth in Exhibit A, as discussed below);

- vii) Agri Stats will suppress any fields that have categorical values (for example a field that takes on values of YES and NO, or a plant shift field which lists the shifts a plant operates, or the breed processed at a particular plant) if any given value of that category has fewer than three firms. If, at any time, the number of plants increases or the number of firms that take on a particular value increases, the field no longer needs to be suppressed. Conversely if the number of plants decreases or the number of firms that take on a particular value decreases such that fewer than three firms take on a particular value, the field will be suppressed even if it had not been in the past; and
- viii) Requiring that, other than data available for anyone to purchase as set forth below, every data field in Agri Stats turkey reports shall be composed of data that is at least 45 days old on average.
- d. Implement provisions protecting confidentiality of competitor data in Agri Stats turkey customer contracts.
- e. Remove all participant lists in turkey reports.
- f. Remove all flags in turkey reports.
- g. Remove in the turkey reports made available to a report recipient all plant-level production-related data fields identified in Exhibit A for turkey subscribers other than the report recipient. Notwithstanding the foregoing, Agri Stats may provide to a subscriber a subscriber's rank and percentile for these data fields.
- h. Modify the turkey reports as necessary to (1) delete variance fields and/or (2) suppress "linking" of data fields across reports that would otherwise disclose the plant-level data field identified in Exhibit A.
- i. Nothing in this Settlement Agreement prohibits or limits EMI's ability to provide nationwide average price data by product category for anyone (including consumers) to purchase. Agri Stats also shall publish a turkey performance report containing the production-related data fields identified in Exhibit B for anyone (including consumers) to purchase. Neither Agri Stats nor EMI may refuse a purchase of such reports on the basis that the purchaser is not a protein producer unless the persons or entities have unresolved claims pending against Agri Stats. The prices for such reports shall be no more than the average price being charged to Agri Stats' or EMI's regular customers as of the date of purchase. Except as set forth in this paragraph, nothing in this Settlement Agreement shall prohibit Agri Stats or EMI from adjusting or altering prices to any customer or adjusting other terms and conditions of purchase from time to time in its sole discretion. Such reports shall be made available without requiring the submission of data from subscribers, except that Agri Stats and EMI may continue to require processors to submit data.
- j. Agri Stats will not introduce any averages in any turkey reports or subsections that do not comply with the 3 entity / 70% rule set forth above.
- k. Agri Stats will give class counsel two weeks' notice in the unforeseen event that turkey reports resume.
- l. No non-public export data collected from a subscriber will be provided to any competitor other than the information disclosed in Agri Stats' regular turkey reports.
- m. Agri Stats will provide no forward-looking industry forecasts to turkey processors, including regarding how future industry production decisions might impact future prices or profitability. For the avoidance of doubt, nothing in the Settlement Agreement prohibits or limits EMI's ability to provide forward-looking industry forecasts based on publicly available data for anyone (including consumers) to purchase and EMI may not refuse such

a purchase on the basis that the purchaser is not a protein producer unless the persons or entities have unresolved claims pending against Agri Stats.

- n. In the unforeseen event that Agri Stats resumes publication of turkey processing reports in the future, Agri Stats agrees that it will not re-add the plant-level data fields set forth in Exhibit A for subscribers other than the report recipient under a different numbering system, report, or mechanism for delivery to a report recipient. For the avoidance of doubt, nothing in the Settlement Agreement prohibits or limits 1) subscriber disclosure of data to Agri Stats or Agri Stats' addition of new reports or services, so long as such reports or services incorporate corresponding restrictions to those set forth herein; or 2) the renumbering and reordering of reports or data fields.
- o. Agri Stats will not disclose any non-public data collected from a turkey subscriber to any competitor of the subscriber other than the anonymized information disclosed in Agri Stats' regular reports, including through electronic tools like the sales data miner, web application programming interfaces ["API"] services, or other web services provided by Agri Stats and/or its parents, subsidiaries, owners, or contractors. For the avoidance of doubt, nothing in the Settlement Agreement prohibits Agri Stats from providing turkey reports to subscribers in different electronic formats, so long as the format complies with the other provisions of this Settlement Agreement.
- p. Agri Stats shall cease, and will not resume in the future, publication of any and all sales reports. Agri Stats shall cease, and will not resume in the future, publication of any and all price data for product categories that are not otherwise available to the public from EMI pursuant to Paragraph i.
- q. With the exception of Paragraph p, this conduct relief shall remain in effect for five years, starting from the unforeseen date that Agri Stats resumes the turkey reports.
- r. Nothing in this Settlement Agreement shall be construed to prohibit Agri Stats from petitioning the Court for modification of the Conduct Relief for good cause shown.

In addition, Agri Stats has also agreed to respond to specific requests for cooperation made by the Direct Purchaser Plaintiffs in their continued prosecution of the litigation. In exchange for the conduct reform measures described above, the Certified Class is releasing claims against Agri Stats through January 30, 2025. The specific claims being released, called the "Released Claims" are defined in the Agri Stats Settlement Agreement.

16. What do the Settlements with House of Raeford, Prestage, and JOTS provide?

If the Settlements are approved, House of Raeford will pay \$3,700,000, Prestage will pay \$15,000,000, and JOTS will pay \$37,500,000 to resolve the claims against them. The specific claims being released, called the "Released Claims" are defined in the Settlement Agreements. In addition, House of Raeford, Prestage, and JOTS have also agreed to respond to specific requests for cooperation made by the Direct Purchaser Plaintiffs in their continued prosecution of the litigation. In exchange for the financial settlement and cooperation described above, the Certified Class is releasing claims against House of Raeford, Prestage, and JOTS through January 30, 2025. The specific claims being released, called the "Released Claims" are defined in the House of Raeford, Prestage, and JOTS Settlement Agreements.

17. What do the Settlements with Foster Farms and Perdue provide?

The Foster Farms and Perdue Settlements each provide that neither the Direct Purchaser Plaintiffs nor Foster Farms or Perdue will seek to further adjudicate this case. In exchange, the Direct Purchaser Plaintiffs and Foster Farms, and Direct Purchaser Plaintiffs and Perdue will not be able to recover any fees or costs against each other in conjunction with this case. Because the Certified Class's claims were disposed of as to Foster Farms and Perdue by the summary judgment order, there is no separate release of claims for the Foster Farms and Perdue Settlements.

18. What are the Settlements' benefits being used for?

Per the Court's approval, a portion of the proceeds from each of the House of Raeford, Prestage, and JOTS Settlements (up to \$250,000 from each Settlement) is being used by the Settlement Administrator to provide this notice and other notice of class certification and the Settlements to potential Certified Class Members. The remainder of the proceeds from the Settlements will remain available for any future notice, distribution to members of the Certified Class, or attorneys' fees, litigation expenses, and service awards. At this time, Direct Purchaser Plaintiffs and their counsel are not seeking any attorneys' fees, non-administration expenses, or service awards to be paid from the proceeds of the Settlements. However, they will do so in the future, subject to additional notice to you and approval by the Court.

The proceeds from these Settlements will not be distributed to qualifying Certified Class Members at this time. Instead, Co-Lead Class Counsel intend to combine these Settlements' proceeds with any proceeds from a future settlement or other recovery in the litigation before distribution. You will receive notice of any such future settlement or recovery and when it is time to file a valid claim.

19. Do I need to file a claim now in the Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, or JOTS Settlements?

Not at this time. Because the Settlement with Agri Stats offers only conduct reform and cooperation, you do not need to submit a claim to benefit from that Settlement. Because the Settlements with Foster Farms and Perdue offer only agreements to not continue litigations or seek costs or fees, you do not need to submit a claim to benefit from that Settlement. Claims may be filed at a later date in the Settlements with House of Raeford, Prestage, and JOTS, which offer monetary recoveries of \$3,700,000, \$15,000,000, and \$37,500,000, respectively. The deadline to file a claim is not yet determined. Please visit www.TurkeyLitigation.com for more information and updates.

20. What should I do if I already filed a claim in this case?

Any claims filed in the settlements with Tyson, Cargill are unaffected by the Settlements with Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and JOTS. The Court will hold a hearing on **Month 00, 2026, at 00:00 x.m.** to consider whether to approve the claims process for the House of Raeford, Prestage, and JOTS settlements. The settlement proceeds from the Cooper Farms, Farbest Foods, House of Raeford, Prestage, and JOTS Settlements will not be distributed until a later date. If you are a Certified Class Member, you will be provided notice when it is time to file a claim.

21. Can I file a claim in the previous settlements in this case?

No. The deadline to submit a claim in the previous settlements with Tyson and Cargill was April 21, 2025. You cannot file a claim for a payment from the Tyson or Cargill settlements.

The claims process for the Cooper Farms and Farbest Foods settlements has not started. You will be provided notice when it is time to file a claim in those settlements and the current Settlements.

22. What am I giving up with these Settlements?

Unless you excluded yourself in 2025, you are still in the Certified Class. This means that if the Settlements are approved by the Court, you cannot sue, continue to sue, or be part of any other lawsuit against Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, or JOTS related to the Released Claims in this lawsuit. You will be releasing the "Agri Stats Released Parties," the "House of Raeford Released Parties," the "Prestage Released Parties," and the "JOTS Released Parties" from the "Released Claims" as those terms are used in the Settlement Agreements available at www.TurkeyLitigation.com. If the Settlements with Foster Farms and Perdue are approved, you will also give up the right to appeal the Court's summary judgment order which granted summary judgment in favor of Foster Farms and Perdue as to the claims against Foster Farms and Perdue. Because the Certified Class's claims were disposed of as to Foster Farms and Perdue by the summary judgment order, there is no separate release of claims for the Foster Farms and Perdue Settlements.

23. What happens if I do nothing at all?

If you do nothing, you will automatically benefit from these Settlements and will be able to file a claim for payment from the previous Cooper Farms and Farbest Foods settlements, and the current House of Raeford, Prestage, and JOTS settlements, at a later date. The Settlements will resolve your claims against Agri Stats, House of Raeford, Prestage, and JOTS, and you will give up your rights to sue them about the Released Claims (as defined in their Settlement Agreements) (see Questions 15-16). You will also give up the right to appeal the Court's summary judgment order which granted summary judgment in favor of Foster Farms and Perdue as to the claims against Foster Farms and Perdue (see Question 17). Because the Certified Class's claims were disposed of as to Foster Farms and Perdue by the summary judgment order, there is no separate release of claims for the Foster Farms and Perdue Settlements. You may also have the opportunity to participate in any future settlement or judgment obtained by Direct Purchaser Plaintiffs. You are legally bound by all Court orders affecting the Certified Class, good or bad.

OBJECTING TO THE SETTLEMENTS**24. How do I tell the Court that I don't like the Settlements?**

If you are a Certified Class Member and did not file a timely exclusion request from the Certified Class, you can object to the Settlements with Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and/or JOTS if you don't like part or all of them. The Court will consider your views.

25. Can I object to the previous settlements?

No. The deadlines to object to the previous settlements with Tyson, Cargill, Farbest Foods, and Cooper Farms have passed. Visit www.TurkeyLitigation.com to learn more.

26. What is the difference between excluding myself and objecting?

Objecting is telling the Court that you do not like something about the Settlements. You can object to these Settlements only if you did not exclude yourself from the Certified Class. Excluding yourself is telling the Court that you do not want to be part of a class or the lawsuit. The time to exclude yourself from the Certified Class has already passed. If you previously excluded yourself, you cannot object because the case no longer affects you.

THE LAWYERS REPRESENTING YOU

27. Do I have a lawyer in this case?

Yes. The Court appointed the law firms Lockridge Grindal Nauen PLLP and Hagens Berman Sobol Shapiro LLP as Co-Lead Class Counsel for the Certified Class. You will not be charged for these lawyers. Their contact information is provided above in Question 24. If you want to be represented by another lawyer, you may hire one at your own expense.

28. How will the lawyers be paid?

Co-Lead Class Counsel are not asking the Court to award any attorneys' fees or reimburse litigation expenses from the Settlements at this time. However, subject to approval by the Court, a portion of the proceeds from the House of Raeford, Prestage, and JOTS Settlements (up to \$250,000 from each Settlement) will be used by the Settlement Administrator to provide notice of class certification and the Settlements to potential Certified Class Members. In the future, Co-Lead Class Counsel will ask the Court to award attorneys' fees up to one-third of the recovery and reimbursement of reasonable and necessary litigation expenses from the Settlements or any other settlement or recovery in this litigation. At such time, and prior to any Court approval, members of the Certified Class will be provided with notice of the amount of fees or expenses sought by Co-Lead Class Counsel and the opportunity to be heard by the Court. You will not have to pay any fees or costs out-of-pocket.

THE COURT'S FAIRNESS HEARING

29. When and where will the Court decide whether to approve the Settlements?

The Court will hold a hearing to decide whether to approve the Settlements (the "Fairness Hearing"). You may attend and you may ask to speak, but you don't have to. The Court will hold the Fairness Hearing on **[Month 00, 2026]**, at **XX:00 x.m.** at the United States District Court for the Northern District of Illinois, Courtroom 1925, Dirksen U.S. Courthouse, 219 S. Dearborn Street, Chicago, IL 60604. At this hearing, the Court will consider whether the Settlements are fair, reasonable, and adequate. If there are objections, the Court will consider them. The Court will listen to people who have asked to speak at the hearing. After the hearing, the Court will decide whether to approve the Settlements. We do not know how long these decisions will take.

The Court may hold the Fairness Hearing remotely via telephone or video conference and may change call-in details or move the Fairness Hearing to a later date without providing additional notice to Certified Class members. Updates will be posted to the Settlement Website, www.TurkeyLitigation.com.

30. Do I have to come to the hearing?

No. Co-Lead Class Counsel will answer any questions the Court may have. However, you are welcome to come at your own expense or attend via telephone or video conference, if the Court holds a telephone or video hearing. If you send an objection, you do not have to come to Court to talk about it. As long as you mailed your written objection on time, the Court will consider it. You may also pay your own lawyer to attend, but it is not necessary.

31. May I speak at the hearing?

Yes, you may ask to speak at the Fairness Hearing. To do so, you must send a letter saying that it is your "Notice of Intention to Appear in *In re Turkey Antitrust Litigation*." Be sure to include your name, the name of your business which purchased Class Products, current mailing address, telephone number, and signature. Your Notice of Intention to Appear must be postmarked no later than **[Month 00, 2026]**, and it must be sent to the Clerk of the Court, Co-Lead Class Counsel, and Counsel for Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and JOTS. The address for the Clerk of the Court is: Everett McKinley Dirksen U.S. Courthouse, 219 S. Dearborn Street, Chicago, IL 60604. The addresses for Co-Lead Class Counsel and Counsel for Agri Stats, House of Raeford, Prestage, Foster Farms, Perdue, and JOTS are provided in Question 24. You cannot ask to speak at the hearing if you excluded yourself from the Certified Class.

THE TRIAL

32. How and when will the Court decide if the Plaintiffs or remaining non-settling Defendant are right?

If the lawsuit against the remaining non-settling Defendant is not dismissed or settled, the Direct Purchaser Plaintiffs will have to prove their claims at a trial that will take place at the United States District Court for the Northern District of Illinois, Courtroom 2503, Everett McKinley Dirksen U.S. Courthouse, 219 S. Dearborn Street, Chicago, IL 60604. During the trial, a jury and/or judge will hear evidence and decide whether the Direct Purchaser Plaintiffs or the remaining non-settling Defendants are right about the claims in the lawsuit. There is no guarantee that the Direct Purchaser Plaintiffs will win any money or benefits for the Certified Class. Trial is set to begin on October 8, 2026.

33. Will I get money after the trial?

If the Direct Purchaser Plaintiffs obtain money or benefits as a result of a trial or settlement with the remaining non-settling Defendant, you will be notified about how to get a payment or benefits and your other options at that time. These things are not known right now. Important information about the case will be posted on the website, www.TurkeyLitigation.com, as it becomes available.
